

Home Study Providers with Missing Post Placement Reports for Russian Adoptions

(Worldwide list)

Russia updated its list of Homestudy Providers of missing Post Placement Reports on July 20, 2010. The official statement is here:

<http://www.usynovite.ru/documents/federal/regulations/pismaot2004/090810/>

The official list of Providers missing reports is here: http://www.usynovite.ru/f/documents/federal/regulations/pismaot2004/090810/black_list.doc

The Russian MOE advises the regional databank operators not to accept post placement commitments from the Homestudy Providers on this list.

PEAR has translated to English the receiving Country names and the Russian Region names. We have also standardized the US addresses by using the 2 letter state abbreviation and changing "Street" to "St", etc.

For Adoption Service Providers:

We are aware that some Homestudy Providers have worked hard to submit or re-submit the post placement reports that are listed as missing. Homestudy Providers that need assistance in this matter should follow the guidelines of their Embassy. The US Embassy in Moscow advice is here:

<http://moscow.usembassy.gov/adopt-minednotice.html>

Addresses for the regional databank operators are here in both Russian and English:

<http://moscow.usembassy.gov/root/pdfs/regional-adoption-authorities-list.pdf>

For Families in Process of a Russian adoption:

Please be aware if your Homestudy Provider is listed, it is possible that your homestudy and post placement commitment will not be accepted by the region, or by the judge at court. You should speak to your Placing Agency for advice, and your Homestudy Provider to see if they are taking steps to submit the missing reports. You may need to locate another Homestudy Provider to complete your adoption in a timely fashion.
